Dr Ralf Voß joined the medifa healthcare group as CEO on 13 September 2022.

Mr Voß has extensive international experience in leading positions in industrial companies with many years of experience in senior management, including more than 15 years at board and managing director level.

"I am looking forward to being a member of the medifa team and to contributing my previous experience and knowledge gained in other industrial companies. I am particularly anxious to meet the challenges we will face together," says Dr. Ralf Voß.

"As a natural scientist with a PhD and an MBA, Dr. Voß combines strong operational and technical know-how with an economic background. In his new role as CEO of medifa healthcare group, he will be responsible for positioning the group for the future and for realising medifa's full potential. We are very pleased about his support and look forward to a good cooperation," explains Peter Jansenberger, shareholder of the medifa healthcare group.

Company

The medifa healthcare group unites competence concerning operating rooms under one roof.

medifa is an owner-run and internationally active company, and covers all operating room requirements from mobile operating tables and operating room accessories, operating lights, as well as modular wall, door, ceiling and cabinet systems (RooSy® Room Systems), right up to examination chairs, with its product and service portfolio. In addition, one of the largest German OEM suppliers in the medical technology sector also belongs to medifa.

medifa GmbH & Co. KG (Finnentrop), medifa hygienic rooms GmbH and medifa metall und medizintechnik GmbH in Steinbach are all part of this group of companies. The medifa healthcare group employs approximately 350 employees within Germany. The planning, engineering and production take place exclusively in Germany, and with over 90% added value in the group of companies, the group guarantees fast reaction times.

At medifa®, the slogan “we care” means that the company consistently orientates itself according to the requirements of its customers. Customers all over the world can rely on top-class consultation, processing and quality from a single source, made in Germany according to certified national and international quality standards.
